Colombo, Sri Lanka

IT Systems and Cybersecurity Lead

Mar 2026 to Present

Managed Service Provider (MSP) on the Microsoft stack; a team of ~15 supports ~100 contractors across ~75 client companies, primarily in Australia and the Philippines.

- Administer the Microsoft 365 tenant, endpoint security (Bitdefender GravityZone), and remote monitoring and management (NinjaOne RMM) across the contractor base.
- Lead identity and access management (IAM) on Microsoft Entra ID: multi-factor authentication, Conditional Access policies, app registrations, and identity governance.
- Hardened security posture, monitoring, and access controls across a distributed multi-client MSP environment.
- Appointed Information Security Management System (ISMS) Officer; lead company-wide ISO 27001 implementation, policy enforcement, and compliance (ongoing through 2026).
- Built internal platforms as sole author and took over lead development of an existing production client portal (see Projects).
