

Akil Fernando

Gameplay Programmer | Unity / C#

mail@akilfernando.dev · +94 70 225 3435 · akilfernando.dev · linkedin.com/in/akilf · github.com/akilfernando · akilf.itch.io

Gameplay programmer with Ubisoft Halifax co-op experience in Unity and C#: camera systems, behavior-tree AI, and grid-based targeting. Broad full-stack software engineering background.

Holds a Canadian Post-Graduation Work Permit (valid through June 2029); authorized to work and relocate anywhere in Canada. On track for permanent residence through the Atlantic Immigration Program. IELTS General English CLB 10 (valid to 2028).

EXPERIENCE

Ubisoft Halifax

Halifax, NS

Gameplay Programmer (Co-op)

Apr to Aug 2024

- Gameplay programming in Unity and C# across two unannounced titles, from prototype tooling to camera, targeting, and AI systems.
- Built dynamic camera angles and extended a camera-clipping solution using Cinemachine and Unity raycasting.
- Extended a tile-based targeting system to measure distance over NavMesh paths and hex-grid tiles.
- Tuned character AI behavior trees to design direction and built in-client debug tools (e.g., hex-grid visualizer).
- Built character assets through a Maya and Blender pipeline; ported a rigged, animated 3D scene to Android with Three.js and Capacitor.

Teams Squared

Colombo, Sri Lanka

IT Systems and Cybersecurity Lead

Mar 2026 to Present

Managed Service Provider (MSP) on the Microsoft stack; a team of ~15 supports ~100 contractors across ~75 client companies, primarily in Australia and the Philippines.

- Built internal platforms as sole author and took over lead development of an existing production client portal (see Projects).
- Lead identity and access management (IAM) on Microsoft Entra ID: multi-factor authentication, Conditional Access policies, app registrations, and identity governance.
- Administer the Microsoft 365 tenant, endpoint security (Bitdefender GravityZone), and remote monitoring and management (NinjaOne RMM) across the contractor base.

PROJECTS

- Ammo = Life (personal): first-person shooter portfolio demo (itch.io/akilf).
- Vulkan Graphics Demo (personal): real-time graphics renderer demonstrating the Vulkan API. C++.
- OpenGL Flight Sim (personal): flight simulator built directly on the OpenGL API. C++.
- CartCloud (team capstone): MERN-stack e-commerce application. github.com/TobiOnibudo/cartcloud
- Contractor Training LMS (sole author): training platform serving contractors, primarily lawyers learning legal topics. Next.js 16, React 19, TypeScript, Prisma, PostgreSQL, NextAuth v5 with Entra ID SSO.

EDUCATION

Dalhousie University

Halifax, NS

BSc Computer Science (Co-op), GPA 3.92

Oct 2025

Undergraduate Certificates: Communications Technology and Cyber Security; Web and Mobile Development.

Honours: Sexton Scholar, Dean's List (multiple terms), Dalhousie In-Course Scholarship (2025).

CERTIFICATIONS

Microsoft Certified: Identity and Access Administrator Associate (SC-300, 2026)

SKILLS

Game & Graphics: Unity, C#, Cinemachine, behavior trees, NavMesh, Maya, Blender, C++, Vulkan, OpenGL

Development: TypeScript, React, Next.js, Python (FastAPI, Flask), Prisma, PostgreSQL, Supabase, Drizzle ORM, MERN, NextAuth

Identity & Security: Entra ID, IAM, MFA, Conditional Access, identity governance, ISO 27001 ISMS, Bitdefender GravityZone

Tools: Claude Code, Playwright, Git
