EXPERIENCE

Teams Squared

Colombo, Sri Lanka

IT Systems and Cybersecurity Lead

Mar 2026 to Present

Teams Squared is a global remote staffing firm (legal-first, now multi-industry) that places skilled professionals from emerging markets into teams at client companies worldwide. Over 130 team members serving over 100 client companies, on a Microsoft 365 and Entra ID stack.

- Appointed Information Security Management System (ISMS) Officer; lead the company-wide ISO 27001 implementation, policy enforcement, and compliance, including preparation for the certification audit (ongoing through 2026).
- Lead identity and access management (IAM) on Microsoft Entra ID for a distributed cross-border workforce of over 130 team members: multi-factor authentication (MFA), Conditional Access, app registrations, and identity governance.
- Secure and administer endpoints for staff working remotely across many countries and embedded in external client environments: Microsoft 365, Bitdefender GravityZone endpoint detection and response (EDR), and NinjaOne remote monitoring and management (RMM).
- Built an internal Device Allocation System tracking the laptop fleet across five countries, with three-way sync to SharePoint inventory, Notion onboarding, and NinjaOne.
- Hardened internal products: Entra ID single sign-on (SSO), personally identifiable information (PII) leak remediation, security headers, and credential rotation.

SELECTED PROJECTS

- **Device Allocation System (sole author):** tracks the company laptop fleet across five countries and auto-recommends allocations, with three-way sync to SharePoint inventory, Notion onboarding, and NinjaOne remote monitoring and management (RMM).
- **Security Posture Reporting Tool (co-built):** automated weekly fleet reporting pulling Bitdefender GravityZone and NinjaOne data, AI-assisted risk scoring, and a derived Composite Risk Index in scheduled PDF reports.
- **Client Portal:** took over lead development of an existing production portal used by client companies; hardened and extended it (TypeScript, React).
